TCC IS THE **PLACE TO BE!**

Hello Friends,

Welcome to July! This month is traditionally a great one with our Annual 4th of July Extravaganza and World Class Member-Guest Invitational. These events, along with the Swimming Pool and Golf Course being in perfect shape, continue to separate TCC from the rest of the clubs in The Valley.

As we all know, our Club has seen a tremendous amount of growth and activity in the last couple of years. With this boom in membership and activity, I have noticed some growing pains and our team is working fast to rectify all of these.

Balancing catered events and Member dining is not always easy and we have had to get creative with what we are able to offer you for dining when we must close the Clubhouse for a private event. I appreciate your patience and support during these situations and would like to let everyone know that moving forward, we will be extremely careful when booking these types of events. While the private events are great, our ultimate goal is to offer the best Member experience possible to each and every one of you.

The Swimming Pool and Breeze have become a wonderful location to enjoy a refreshing drink or tremendous meal from Executive Chef Reggie and his team of culinarians. The increase in traffic at both locations has changed the dynamic from years past and I want everyone to know that we have begun to offer hot dogs and a variety of wraps as a grab-and-go option for our golfers and swimmers. Doing this will provide everyone a convenient option when time is of the essence. Also, our traditional poolside service is improving and as we continue to add staff this service will only get better. Staffing in the current environment is not easy and once again your patience and understanding is greatly appreciated. Golfers will begin to enjoy a fully stocked beverage cart every Saturday and Sunday for the remainder of the year. This added service will provide relief from the Summer heat or allow for a much needed cocktail after a few bad swings.

I am choosing to write about these good problems and solutions to let everyone know that we hear you and reassure you that our primary objective as a team is your enjoyment. Please continue to provide me feedback and feel free to approach me anytime at the Club. I value our conversations and truly appreciate both the good and bad comments. I also want to commend our team for continuing to work hard every day during this time of evolution at the Club. The hours and dedication that each and every one of our team members puts in is commendable. We know we are not perfect, but we strive every day to get better and to exceed all of your needs and expectations.

As always thank you for being a Member of the Best Club in The Valley.

See you at the Club,
Cory

PRESIDENT'S MESSAGE

Greetings Members,

I have to admit that preparing these articles becomes more difficult each month. I'd like to think the difficulty in developing the content is because most of what I want to say, you already know. However, my wife has suggested that perhaps the difficulty arises because I'm not as funny as I think I am.

Actually, the main reason it can be difficult each month is because I've been President, off and on again, for almost 6 years. As a result, I have written quite a few "President Messages", and I fear repeating my old stories. To avoid that predicament, I often review the old editions of the Newsletter. In doing so, I realized how much the Club has changed over the past 8 years.

Our many "newer" Members might find it fascinating to know that in the Fall of 2013, when I first became President, we were going through some rough times and our membership had declined to about 185 loyal members. Around that same time, we started our partnership with AVI, which was absolutely critical for the continued viability, and in fact, actual existence of the Club. In 2014, times were so tight, we had to solicit the Members for what was called an "Operational Recovery Payment" so we could meet our year end obligations. Although there were some rough times in the ensuing years, we were able to sustain ourselves as a truly private country club for two main reasons.

First, we owe much of our subsequent success to our friends at AVI. While most successful companies like AVI would have run for the hills, they stuck with us and helped us revamp our food and beverage service. They also continued to invest in the Club and help us recruit, develop and assemble the remarkably capable management staff we all enjoy. We're not quite where we need to be, but compared to 2013, our current successful, vibrant and thriving Club is almost unrecognizable.

The other reason we have become a coruscating Club is because of our Members. Now boasting almost 500 Members, our Members appreciate the changes we've made and have always answered the call to help support the Club, whether it be by using the facilities or helping us financially for one of our many capital improvements like the Vibe, the Breeze or last year's Outdoor Patio enhancement project.

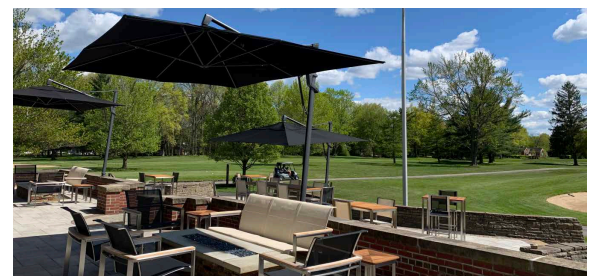

Our Board of Directors is mindful of the contributions made by our Members to help us "refresh" our facilities and has tried earnestly to maintain a consistent dues structure. I'm pleased to report that again this year, our dues will remain low compared to other area private clubs. For those of you who can read between the lines, that was the nice way of saying, "Hey, since we're keeping your dues low, we might need a little help paying for the massive improvement projects with the driving range, cart paths, pool, pool locker rooms, exterior staircases and the extension and enhancements to our Outdoor Patio." If you happen to get a letter in the mail, don't even think about marking it "Return to Sender."

With the appropriate accolades having been conveyed, a few comments are in order regarding the operations of the Club. Our Member dining continues to rise each month, which is either a sign that our food service is second to none or, because of COVID, everyone is absolutely sick of staying home and eating take-out. I'm going with the former since Executive Chef Reggie continues to impress us on a daily basis. The golf course looks fantastic and provides a formidable challenge. Nick and his staff continue to impress us and have the course looking and playing like a PGA tour course. With the Summer season, our tennis courts are in full swing. We hope to add a pickle ball court to provide yet another Member amenity. Finally, we are in full swing at our pool. The recent improvements to the pool and surrounding areas probably should have been done years ago, but the finished product made it worth the wait.

It's only July, so there's still plenty of good weather to come. Make it a point to play the course, use the courts and enjoy the pool. More importantly, continue to support our food and beverage service and enjoy a great Summer evening on the patio.

See you at the Club.

CULINARY CORNER

THE HISTORY OF ICE CREAM TRUCKS

Salutations TCC Food Lovers,

Everyone recognizes the tune. It starts faint and gets louder as it approaches, but there is no mistaking it. The famous jingle from the ice cream truck! Kids for decades have been abandoning playgrounds and pick-up ball games at the first sound of the truck. Running to get money from their parents in time to catch the truck as it stopped on your block. Even with changes in food and culture, the ice cream truck has remained present in towns across America, while continuing to serve customers by the same methods started so long ago.

Ice cream vendors started selling street side in the nineteenth century, but the truck itself came a little later. The first ice cream truck is actually credited to a Mahoning Valley Native, Harry Burt of Youngstown, Ohio. He got his start selling scoops of ice cream on a motorized cart fixed with an icebox. He then came up with the idea to place ice cream on a stick and dip it in chocolate. He called it the Good Humor ice cream sucker. This was the product that helped him start the Good Humor Company, widely known for their ice cream snacks. With advancements in technology and sanitation, the truck evolved into what it is today, and what we all remember. The only changes come in the variety of snacks to more popular and relevant characters. For example, in the late 1970s it was a Mickey Mouse pop, now it is a SpongeBob pop.

It is nice to see that some traditions and memories stand the test of time. I bet that almost everyone has a memory of buying from an ice cream truck on a hot Summer day. It was like a treat that popped up spur of the moment. And being that the treat was ice cream, every child remembers it. We offer a few of these treats in Breeze, and just the sight of them brings back fond memories for me. Next time you're out by the Swimming Pool, grab a little piece of your past and take a walk down memory lane!

Cheers,

Reginald F. Giancola, III,
Executive Chef
Trumbull Country Club

*"I go running when I have to.
When the ice cream truck is doing sixty."*

FROM THE HEAD GOLF PRO

Warm Greetings to our Golfers,

It is hard to believe, but we are approximately halfway through the 2021 golf season. I am thrilled to report daily golf rounds and tournament participation continue to grow in comparison to last year's "golf boom." A great example is this year's Men's Guest Invitational where in the past we have struggled to fill a field of 48; this year we have maxed out the field with 60 teams. I want to sincerely thank every one of our golf Members for your continued support and participation in our golf programs and events.

As we approach late July and early August, our plan is to open the new driving range tee when Nick and our TCC grounds team feel the root structure is healthy enough to support activity. When using our new driving range turf, it is now more important than ever that we follow a few rules to conserve turf and protect the practice facility for the well-being of all Members. Please review the following rules:

Golf cart traffic is not permitted on the new practice tee
Shots are only to be struck from within the roped boundaries
Divot patterns should be in a straight line with a little grass in-between
(See picture from usda.org below)

In addition to preserving the range, let's continue to do our part to fix divots, rake bunkers and repair two ball marks per hole (yours and one other). Thank you for continuing to take pride in maintaining our golf course and helping to distinguish it as the most pristine-conditioned course in the Valley!

THROUGH THE GREEN

Good Day TCC Members,

Fourth of July is an important date in the Golf industry as it marks the midway point of the season. All the maintenance team's hard work should be reflecting in the course's playing condition. The "Dog Days" of Summer are now ahead, and the difficult stretch of maintaining turf begins. You may have noticed that on hot days we will run water on Fairways in the afternoon for three-minute cycles. This is done to cool the turf canopy and prevent permanent turf damage. With an older irrigation system, we sometimes have sprinklers stick leading to a temporary wet spot. We want to apologize in advance as this is a common occurrence.

We are now just weeks away from opening the new Driving Range Tee at TCC. Mother Nature had thrown many curveballs throughout the season, so I want to thank you all for your patience regarding this project. We are on pace to open the new Tee the week of our Member Guest Invitational, and I can not wait to be the first one to take a divot!

SIP & PAINT

The lovely ladies of TCC sipped and painted their way through an enjoyable Thursday evening guided by instructor **ALANE JEWELL**.

As you can see, the beachscapes turned out great, and each participant now has a memento of the relaxing evening.

DIVE-IN MOVIE NIGHT

As you can tell by the photos, our TCC movie night was a big hit. The children and your families and friends enjoyed the poolside cinema with complimentary popcorn as they watched "Ratatouille"! Be sure to join us for "The Lion King" on Friday, July 9 at 7:00 PM.

NEWS & NOTES

MEMORIAL DAY GRATITUDE

As many of our Members watched from the patio, TCC honored those who fought for our freedom. Taps was beautifully performed in echo fashion by Warren G. Harding trumpeters, **XANDER BLOSE** and **RYAN GUMP**. Both are members of the WGH Marching Band, Symphonic Band and Jazz Ensemble I.
